How to Reset Password for Wiki and Gitlab

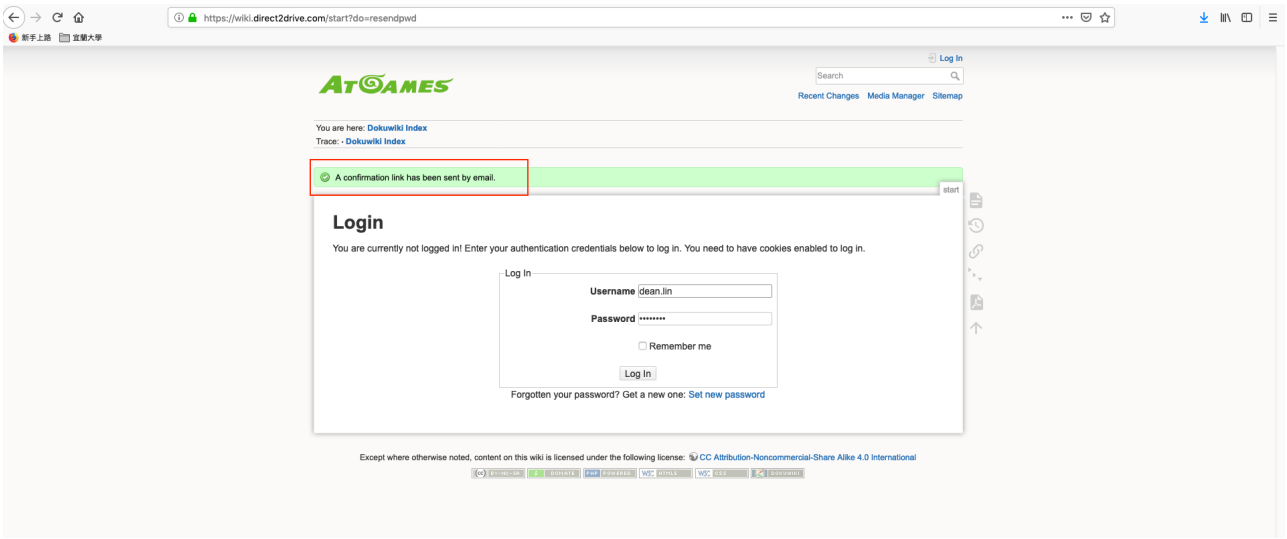

1. Visit on Wiki site - https://wiki.direct2drive.com
2. Click on “**Set new password**”

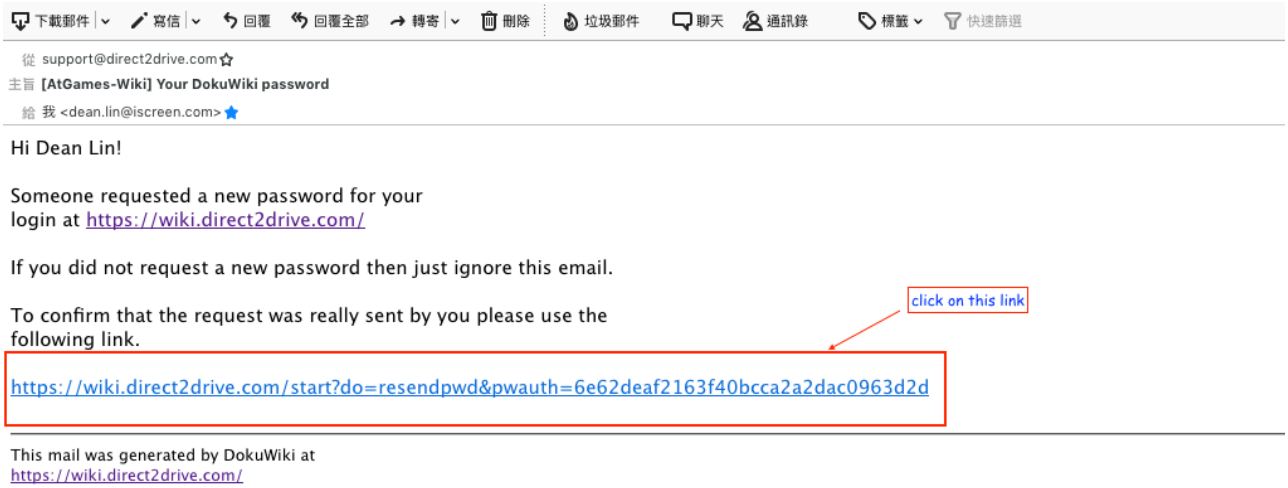

3. Fill in your id and click on “**Set new password**” button.
   - Note: the id should be your email address string before '@atgames.net'
     - For example: if your email address is 'david.chou@atgames.net', then your id should be 'david.chou'

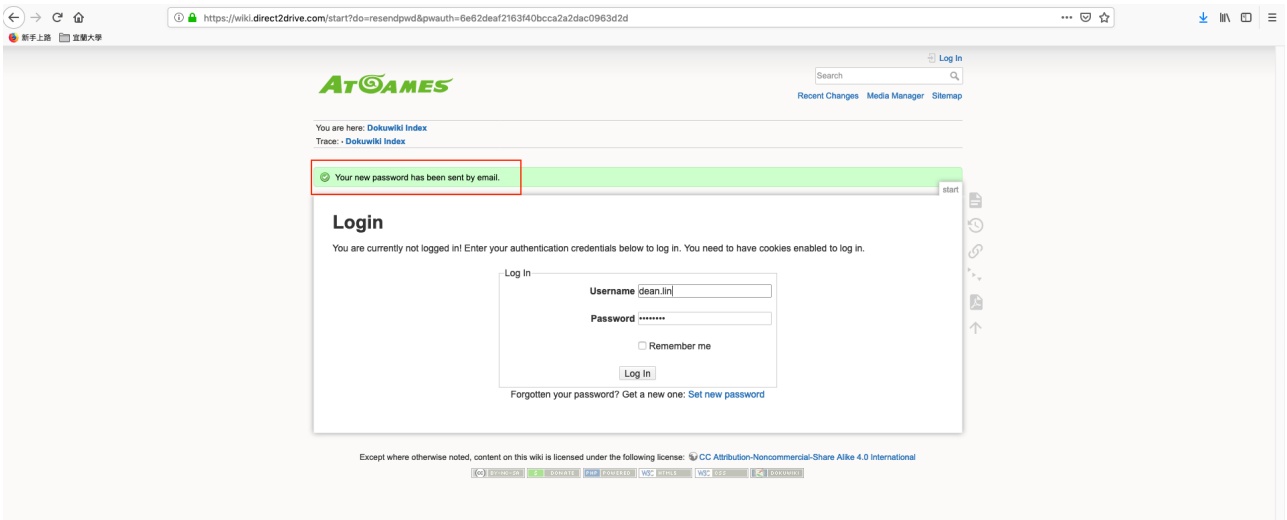

4. You will see the message “A confirmation link has been sent by email”

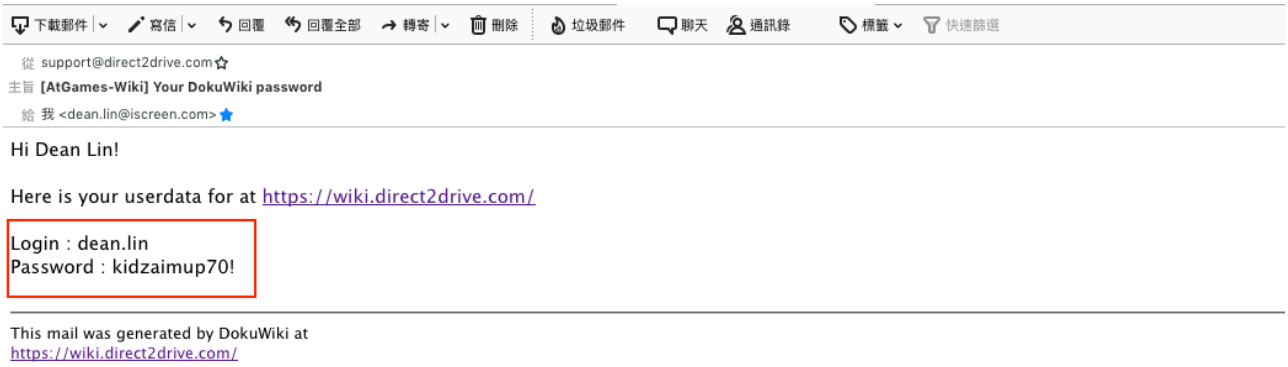

5. Check your inbox, you should receive a mail that subject is "**[AtGames-Wiki] Your DokuWiki password**", click on confirmation link.

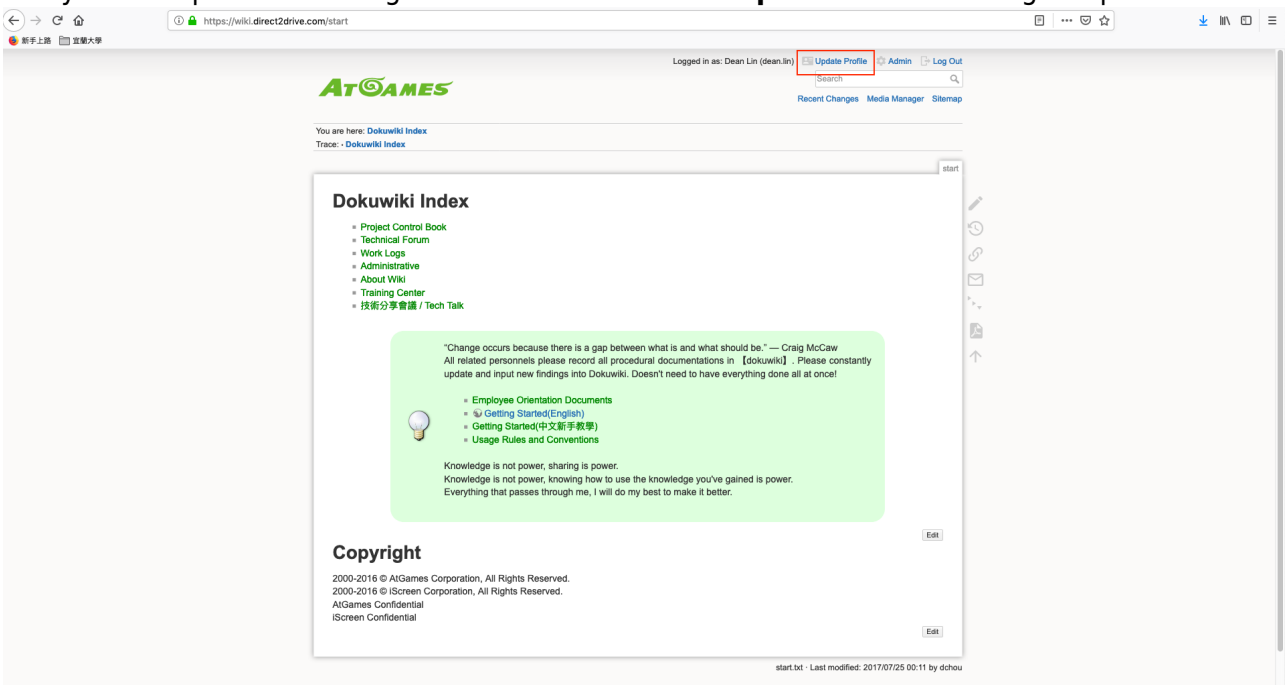

6. After click on confirmation link, you should see the message "Your new password has been sent by email". <note important>Please check your inbox again, it's mean new password was sent</note>

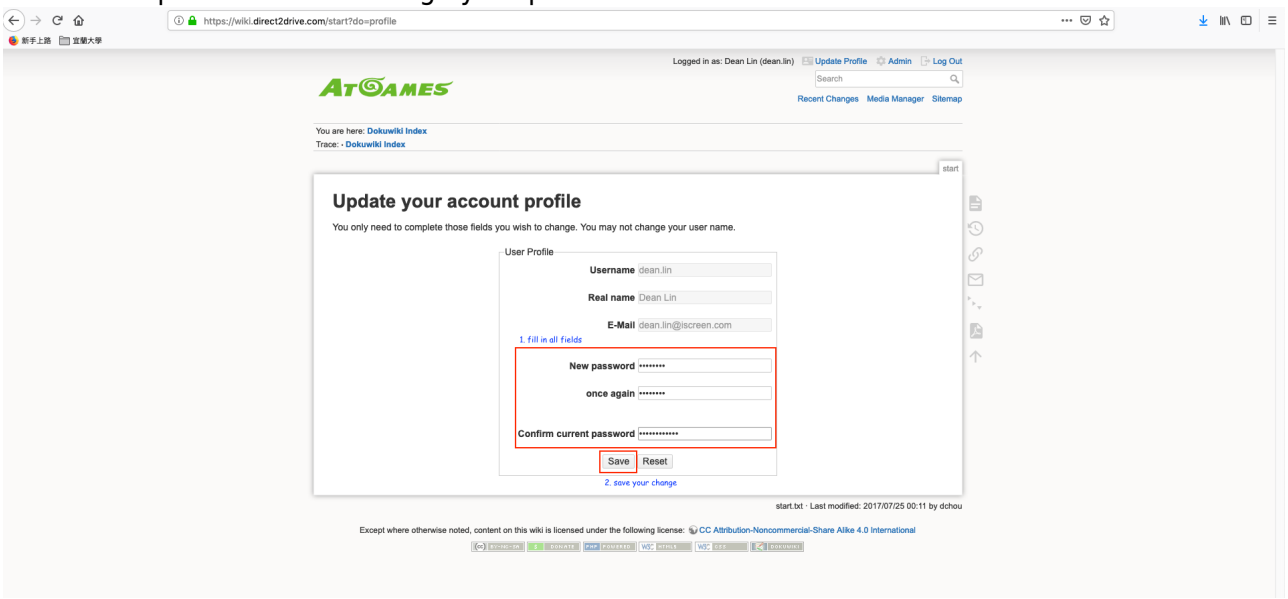

7. Check your inbox again, the new password mail subject is "**[AtGames-Wiki] Your DokuWiki Password**".

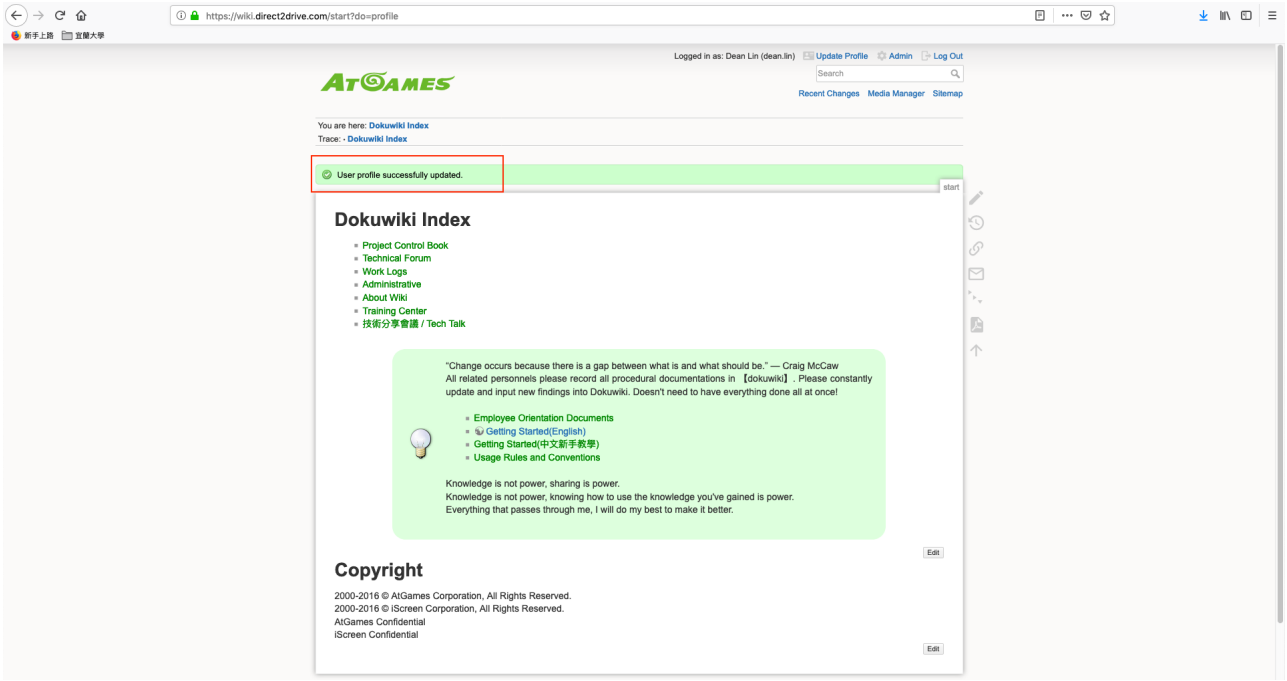

8. Use your new password to login Wiki site and click on "**Update Profile**" in right top.

9. Fill in all required fields to change your password and clock on "**Save**" button.

10. Done. you should see the message box "User profile successfully updated", it's mean your password has been reseted.
